

Microplane
THE ORIGINAL®

NEW Gourmet Slicer

The Microplane® Gourmet Slicer quickly and precisely slices 2mm thicknesses with no need for knife skills. The perfectly set blade removes the need to adjust or reset thicknesses making it the go-to tool for chefs and home cooks that require thinly sliced produce for key recipes like cucumber salad, zucchini pizza, or flavored waters. Included is a hinged food guard to protect fingers and provide more control during the slicing process as the food is pressed between the sides of the guard.

Features:

- Produces 2mm or 1/12" slices
- Thinly slices cucumbers, zucchini, potatoes, radishes and more
- Hinged food guard included for safe and simple use
- Ergonomic TPE soft grip handle
- Non-slip end piece for stability
- Dishwasher safe - hand wash cover and food guard
- Stainless steel blades
